# Welcome

## TO THE 33<sup>RD</sup> ANNUAL

### TRANSFORM OUR WORLD GLOBAL CONFERENCE!

Every year, without fail, we have experienced God's renewal and outpouring of His Spirit when we meet as a Global Family, but this year promises to be even better because of the extraordinary transformation that is taking place at all levels and on all fronts. **Our God is on the move!**

You will witness this firsthand in the lives of God's Ekklesia all over the world, including the San Francisco Bay Area where the Ekklesia is rising! Political divisions are being bridged, police and community are supporting each other, school graduations and GPAs have dramatically improved, and businesses are joining hands and hearts with local congregations to see every sphere of society transformed. **In essence, Jesus' Ekklesia is operating 24/7 in the marketplace, and the Gates of Hades are retreating!**

During the past few years we have all gone through tough times, perhaps the toughest ever, due to the pandemic and its brutal impact on society and on the economy, but God is at work in the midst of it all. We see this on all five continents where transformation-minded believers have been defying adverse winds and menacing waves by holding on to Jesus, and as a result they have been walking on water, so to speak. All of that, and more, will be highlighted at the conference. Remember, the darkest hour of the night is the one that precedes dawn. **This is the hour. Now is the time of God's favor. The Sun of Justice is breaking through.**

Furthermore, this year we will be rolling out the Beta version of Tekklesia, a radical Kingdom concept that will allow Jesus' Ekklesia to take the point to replace the Babylonian system with goodness, peace and joy for our Lord to return in glory. Tekklesia is the convergence of Ekklesia and Technology for transformational Christians to be able to operate 24/7 and take pace-setting positions of leadership in the Metaverse. Yes, the day is fast approaching, and God has been downloading not only powerful insights, but divinely anointed building material for this to begin to materialize. What a day to be alive!

We are so grateful to the Lord that you are here. We believe this is a strategic rendezvous with God and with His people. We are confident that this conference is going to be the best ever and we will never be the same. Better yet, our cities and nations will never be the same.

We welcome you in Jesus' wonderful name!

# A ROAD MAP TO TRANSFORMATION

## DEAR CONFERENCE DELEGATES:

Every year we hear people say, “This was the best conference ever!” We stand in awe of the statement, but what makes it true is the reality that the conference is not a one-off gathering of inspirational speakers, but a living, organic, vibrant and continuous experience in transformation in which we not only experience the presence of the Lord in our midst, but we do so for the purpose of doing His bidding to transform the complex world we live in.

Look again at the clear and focused theme the Lord has given to us for this year.

**“The Earth will be filled with the knowledge of the glory of the Lord as the waters cover the sea!”**

That’s where we’re headed; that’s what God is allowing us to partner with Him in bringing to pass. The presenters are all practitioners who are applying the same core principles in a massive variety of spheres of influence in nations and cultures around the world. The result will be a kaleidoscope of glorious testimony to what God is doing on our Earth that we believe will change your life and family for the better.

We pray Jesus’ Manifest Presence over and around you every second you spend with us so that you will return home equipped with an enriched lifestyle for a lifetime of transformation.

Receive our love and blessing!

# PARTNERING WITH US

During this conference week we will absorb testimonies that highlight the very real and significant ways the Lord has inspired men, women and even children to invite His presence and power into the marketplace, families, neighborhoods and congregations with significant effect.

**What we'll witness will counter the prominent doom-and-gloom viewpoint of a weakened Church in retreat to the margins of culture until it can be safely "raptured away."** In fact, this week will build conviction that Christ's Ekklesia is indeed as Daniel saw it in his vision—a mountain that grows unrelentingly until it fills the entire Earth.

To illustrate the spreading of the Kingdom, we have chosen "For the Earth will be filled with the knowledge of the glory of God, as the waters cover the sea" from Habukkuk 2:14 as the rally cry and invitation to join hands and invest into TOW so that real-life examples like these are multiplied in every continent:

- Transformation of political parties and processes.
- Transformation of blighted cities into vibrant ones with bright futures.
- Arts and media being transformed to tell God-breathed stories with creative power.
- Young people brought back from the edge of suicide and restored into strong Ekklesia family units.
- Technology being redeemed and made life-giving.

**This is the kind of change the world is groaning for ... and together we can see it made manifest through generosity!**

There will be opportunities at key points for participants to help subscribe Transform Our World's 2024 budget through one-time investment, recurring support, stock and cryptocurrency donations, as well as future pledges that can be fulfilled in 2024.

Your financial investment is the lifeblood of the ministry to advance transformation initiatives all over the world, which is why we humbly seek your enthusiastic partnership. We also pray that as you join hands with us, you will experience open doors like none you've had before, because, as scripture promises in Proverbs 11:24 (MSG), "The world of the generous gets larger and larger."

**May your world grow prolifically as we invest together into God's heart for the nations!**

# INSPIRATION COMES BY COMMUNICATION

COMMUNICATION IS A POWERFUL TOOL TO EXPAND THE SCOPE OF TRANSFORMATION.

God is moving around the globe through ordinary people and we have the opportunity to be part of accelerating the spread of the Good News and increasing the level of faith for His work all around us. We'd like to invite you to do five simple and powerful things right now to get connected:

1. "Like" and "Follow" Ed Silvano on Facebook, Twitter, and Instagram today!
2. "Like" TransformOurWorld on Facebook.
3. Register your home as an Ekklesia on the Ekklesia Everywhere FB page or at [www.EkklesiaEverywhere.com](http://www.EkklesiaEverywhere.com).
4. Use **#transformourworld** as you post online this week to raise the visibility of Transformation online.
5. Sign up for Ed's personal newsletter at [transformourworld.org/join](http://transformourworld.org/join) to regularly track what's happening today on the frontlines of transformation.

## SO, WHAT DOES “RIGHT” LOOK LIKE IN A TRANSFORMATION COMPANY?

As Board Chairman, I see a great answer to that question in Ed’s remarkable team at Harvest Evangelism/Transform Our World. They serve all of us with amazing talent and inspiring enthusiasm. They embrace a spirit of unity with the mission, excellence in actions, and personal humility. I am proud of them and impressed with their results.

The years of working with Ed and his band of unique servant-leaders have made me a better leader too, and more importantly, a better husband, father and person.

The people of Harvest Evangelism/Transform Our World give us a great example of what a Transformation Company looks like and lives like.

# PHILOSOPHICAL & OPERATIONAL DNA

Transformation principles come from the Bible and as such they are universal and trans-cultural as far as their philosophical DNA. However, in regards to Operational DNA, to implement them we operate within what we call the “Two Banks of the River.”

One bank is a lifestyle of Prayer Evangelism a la Luke 10, and the other consists of the Five Pivotal Paradigms. Both banks are presented and explained in Ed Silvano’s books *Prayer Evangelism* and *Transformation* and constitute the “backbone” to which platform presentations are connected, either by direct teaching, by illustration, or by intentional reference.

## THE BANKS OF THE RIVER

The “Two Banks” reflect Harvest Evangelism/TOW’s Operational DNA, and the imagery of two riverbanks is intentionally used to acknowledge and affirm that there are other expressions of transformation besides the one entrusted to us while defining a scenario where every stream within our TOW Network can converge to conform a river that brings healing to cities and nations.

To illustrate, consider a comparison between two good things - a swamp and a river. Both hold water that brings life to flora and fauna in their respective habitats. However, in the case of the swamp,

the water is confined to its contour, and the potential to provide nourishment is limited to those that come to it.

But if, in addition to connecting it to a higher source, banks were added to the swamp, they would channel that same water to break through the contour, find the incline of the terrain to become first a stream, then a creek, and eventually a river that exports life to destinations far beyond the contours of its original habitat.

**WE KNOW IT WILL TAKE  
THE WHOLE CHURCH TO  
PRESENT THE WHOLE  
GOSPEL OF THE KINGDOM  
TO THE WHOLE WORLD.**

At the same time, the models entrusted to us show that working cohesively with a focused operational DNA is the key to producing sustainable transformation. The “Banks of the River” allow us to be cohesive without becoming exclusive.

For these reasons, Harvest Evangelism and TOW are wholly dedicated to serving the Body of Christ by building models developed within the “Banks of the River” (Five Pivotal Paradigms and Prayer Evangelism a la Luke 10) until that river flows and “...the whole earth is filled with the glory of God.”

# INFRASTRUCTURE TO SERVE THE VISION

## HARVEST EVANGELISM

Harvest Evangelism is the flagship organization that has pioneered alpha transformation projects since its inception in 1980. Today, Ed Silviso and a team of Associates on every continent are implementing the biblical principles for city and nation transformation and developing prayer evangelism-based prototypes to help the Body of Christ to effectively fulfill the Great Commission.

## TRANSFORM OUR WORLD NETWORK (TOW)

The TOW Network is a strategic alliance of pulpit and marketplace leaders who have come together within the “Banks of the River” to see cities transformed and nations disciplined. Cohesive and focused leadership is the key to every transformation model like the ones presented from the platform. TOW is the “jersey” that identifies us and our contribution to fulfill the Great Commission. Information about what it means to be affiliated with TOW and an invitation to join this “family” of world changers will be extended to you during the Conference.

## TRANSFORMOURWORLD.ORG

TransformOurWorld.org is the online gathering place for people from every walk of life all around the world - ordinary people doing extraordinary deeds to make the world a better place (Acts 19:11).

## GLOBAL PRAYER PRESBYTERY

The Global Prayer Presbytery is comprised of select leaders to provide a global strategic level intercessory prayer covering for the people and projects all over the world.

## EXPANDING TRANSFORMATION INITIATIVES

All of the equipping initiatives highlighted in previous conferences continue to grow and expand in their reach and impact. They will again take center stage as the “vertebrae” of our Transformation Pathway - your step by step road map to deeper and wider transformation for you, your family and your sphere of influence.

1. The **Ekklesia Excelerator** makes available to you the wisdom, experience and understanding gained by global leaders to guide you through three levels of learning and involvement—from vibrant Participant, to influential Practitioner, and ultimately as a strategic Partner in the growing TRANSFORM OUR WORLD Global Community (see page 10). The new Commissioned App being introduced this week will greatly enhance the Excelerator experience.
2. **Ekklesia Everywhere** is a broad-based collaborative thrust to turn homes and businesses into Ekklesias in order to change the spiritual climate over the nations. Visit the Facebook page or website today (see page 9)!
3. **TEKKLESIA** is the new frontier where the Ekklesia is called to operate - the Metaverse - and God is leading us to claim it before the Babylonian system takes over. The TEKK team will be presenting on both Wednesday morning and Saturday afternoon. **What a day to be alive!**

# RESOURCES

## TO EQUIP THE EKKLESIA

Marketplace Transformation, the official distributor of Harvest Evangelism/TOW materials, invites you to visit the conference bookstore inside Ballroom 1 throughout the Conference.

Carrying a variety of books and useful transformation resources, you're sure to find something to move you and those in your sphere of influence forward in your transformation journey. If you prefer not to carry books home with you, place an order with Cindy during the week and items will be shipped within a week following the conference.

A photograph of the Golden Gate Bridge in San Francisco, California, taken at sunset. The sky is a mix of deep purple, red, and orange. The bridge's towers and suspension cables are silhouetted against the bright sky. In the foreground, there are large, dark rocks on a rocky shore. The overall mood is dramatic and inspiring.
